

## WELLGATE'S GONE SPOOKY FOR HALLOWEEN

On Saturday 3<sup>rd</sup> November, the Wellgate Shopping Centre will be giving kids the opportunity to get spooky this Halloween with a number of free activities at the food court on level three.

There will be a number of attractions, including face painting, story telling and a giant pumpkin, that can be sure to have your kids chomping at the bit to get involved. The best thing of all, our entertainment is absolutely free!

We've gone pumpkin crazy and set up a fun Giant Pumpkin that kids, and adults alike, can have their picture taken with! It's got giant teeth and big blue eyes so you'll need to be courageous to stick your head anywhere near its mouth!

There will also be a free scary story-telling corner for kids with our friends from the Central Library at 11am and 2pm. And, to make sure they are completely carried away with it all we'll have a fab face painting witch on site with her brushes at the ready!

So, whether it's listening to a spooky story or face painting, there's something to keep all your little devils occupied at the Wellgate!
